

IZJAVA O USAGLAŠENOSTI (Declaration of conformity)

Naručilac / Vendor (Distributor): Mikoterm doo, RS, 18252 Merošina, Industrijska zona Aleksandrovo, Niška 211

izjavljuje da su toplotne pumpe vazduh-voda, proizvedene u potpunosti u skladu sa EU standardima bezbednosti i kvaliteta, propisanim za ove uređaje.

declares that product air to water heating & cooling heat pumps are manufactured completely according to regulatory standards of EU directives for safety and quality of this product.

Model – proizvođačko ime / manufacturers name: **NE-F...**

Model – tržišno ime / market name: **mHP...**

2014/35/EU LOW VOLTAGE DIRECTIVE (LVD)

2014/30/EU ELECTROMAGNETIC COMPATIBILITY DIRECTIVE (EMC)

applied LVD standards:

EN 60335-1:2012+A15:2021 – Household and similar electrical appliances – Safety - Part 1: General requirements

EN 60335-2-40:2003+A13:2012 – Electric heat pumps, air conditioners, and dehumidifiers – Safety - Part 2: Particular safety requirements

EN 62233:2008 - Measurement methods for electromagnetic fields (EMF) of household appliances and similar apparatus, with a specific focus on human exposure and safety

applied EMC standards:

EN IEC 55014-1:2021; EN IEC 55014-2:2021 – Requirements for household appliances, electric tools and similar apparatus – Part 1: Emission - Part 2: Immunity – Product family standard

EN IEC 61000-3-2:2019+A1:2021 – Strict limits for harmonic current emissions injected by equipment into the public low-voltage supply system

EN 61000-3-3:2013+A1:2019+A2:2021 – Defines limits for voltage changes, voltage fluctuations and flicker in public low-voltage supply systems

EN IEC 61000-3-11:2019 – Limitation of voltage changes, voltage fluctuations and flicker in public low-voltage supply systems

EN 61000-3-12:2011 – Limits for harmonic current emissions

Za Mikoterm d.o.o. / for and behalf of Mikoterm d.o.o.
